Coordinator for Reconstruction & Stabilization

Civilian Response Corps

Interagency Reconstruct
& Stabilization

FY10/11 Training, Exercises and Experiments

Update to the
Department of Defense
Worldwide Joint Training & Scheduling Conference

This Briefing is
UNCLASSIFIED
per the Definitions in E.O.

Coordinator for Reconstruction & Stabilization

Purpose

- **S/CRS Training Update**
- **FY 10 / 11 R&S Exercise and Experiment Schedule**
- **Open Issues**
- **Way Forward: Coordination with DOD**

Coordinator for Reconstruction & Stabilization

S/CRS Training Update

- **Civilian Response Corps Training**
  - Foundations Course
  - Level I Planners Course
  - SNOE Course

CIVILIAN RESPONSE CORPS

- **Exercise and Experiments (E&E) Unit**
  - Established July 2009

- **E&E Requirements, Priorities and Considerations**
  - Approved by the R&S IPC July 22, 2009
  - Guided development of E&E schedule

Coordinator for Reconstruction & Stabilization

Approach to E&E Schedule

- Identify opportunities that support E&E requirements, priorities and considerations
- Develop civilian capacity to lead exercises and experiments
- Synch with DOD two-year exercise schedule
- When possible, conduct TTXs and/or experiments as lead-up to larger exercise execution
- Work with JS J7 to coordinate COCOM stability operation exercises in conjunction with S/CRS

Coordinator for Reconstruction & Stabilization

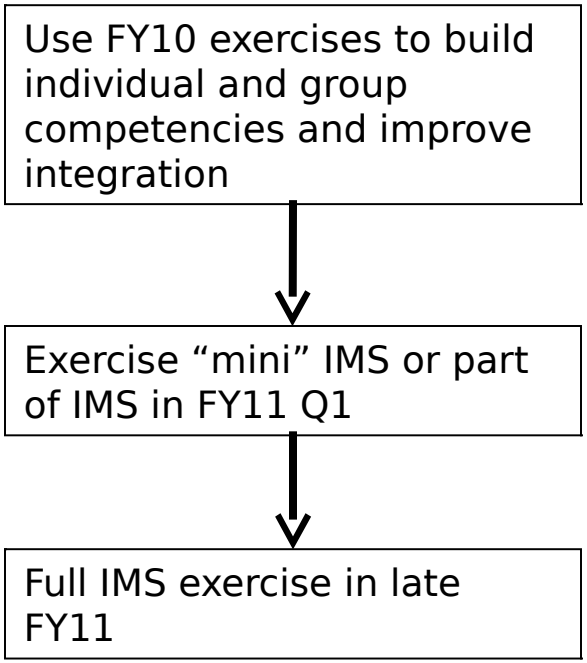
E&E Level of Effort Definition

- **Level I – Robust Collective Interagency Training**
  - E.g., an end-to-end IMS exercise with Principals, COM, CRSG, IPC, ACT/FACT, GCC, JTF
- **Level II – Moderate Collective Interagency Training**
  - E.g., Interagency participation in EUCOM Austere Challenge 09; SOUTHCOM Blue Advance 08
- **Level III – Limited Collective Interagency Training, Individual Training, and Relationship Building Opportunities**
  - E.g., Country-level planning tabletop exercise/experiment; ARRCADE FUSION 09
- **Level IV – Academics or Training Support to DOD and Other Actors**
  - E.g., IA white cell / Exercise Control Group, Pre-exercise Academics

Coordinator for Reconstruction & Stabilization

Proposed FY10/11 E&E Schedule

- Conduct several Level III Civ-Civ, Civ-Mil and Civ-IO/multinational engagements in FY10 and FY11
- Conduct Level II Civ-Civ exercise in FY11 Q1
- Conduct Level I IMS exercise with COCOM in FY11 Q3 or Q4
- Conduct Level IV engagements with DOD, Multinational and IO partners as identified



Use FY10 exercises to build individual and group competencies and improve integration
Exercise “mini” IMS or part of IMS in FY11 Q1
Full IMS exercise in late FY11

Coordinator for Reconstruction & Stabilization

Proposed FY10/11 E&E Schedule

	FY10				FY11			
	Q1	**Q2**	**Q3**	**Q4**	**Q1**	**Q2**	**Q3**	**Q4**
CIV-CIV	• New Civ-Civ TTX Experiment	•J8/Mattis Proposal	•AC10 Pre-Deployment Training and Academics	• New Civ-Civ TTX in Preparation for Civ-Civ Level II •Academics for Civ-Civ Level II	•New Civ-Civ Level II	•Civ-Civ TTX in Preparation for Level I		
CIV-MIL	• AC10 Civil-Military Plan Development	•AC10 CAP and Academics (EUCOM) •Cobra Gold (PACOM)	•AC10 Execution (EUCOM) • Judicious Response 10 (AFRICOM)		•JMRC Mission Rehearsal Exercise (US ARMY)?	• Judicious Response 11 CAP and Academics (AFRICOM) •Integrated Advance 11 (SOUTHCOM)	•Judicious Response 11 (AFRICOM)	
CIV-IO	• ARRCADE FUSION 09 (NATO ARRC)	• NATO CME/CMX 09			• NATO/EU CME/CMX 10? •ARRCADE FUSION 10?			

Level I | Level II | Level III | Level IV

Coordinator for Reconstruction & Stabilization

Current Engagements

- **NATO ARRCADE FUSION 2010 Execution**
- **AFRICOM Judicious Response 2010**
- **Austere Challenge 2010 Planning**
- **NATO CME/CMX 2009/2010**

Coordinator for Reconstruction & Stabilization

Exercises and Experiments: Open Issues

- Impact of Real World operations and events on resources
- Personnel requirements to execute schedule
- DOD Mission Rehearsal Exercises
- Interagency participation overlap in exercises
- Measures for successful training

Coordinator for Reconstruction & Stabilization

Way Forward: Coordination with DOD

- **Current Schedule**
  - What do you think?
  - Military participation in civilian exercises
- **Exercise Collaboration**
  - Early and Often
  - Coordinated exercise objectives, when possible
  - Mutually beneficial scenario
- **Future Scheduling**
  - Training requirements…lets be specific!

BACK UP SLIDES

Coordinator for Reconstruction & Stabilization

Overall IA Training Goals and Objectives: FY10/11

- **Goals:** Overall training and readiness goals
  - Prepare CRC and IA personnel for future field deployments
  - Train CRC and IA personnel on developed concepts and doctrine
  - Test and refine IMS processes and procedures
  - Advance integrated R&S planning and response capability
- **Objectives:** Enable the achievement of training and readiness goals
  - Ensure ability to utilize R&S systems, methods and tools (i.e. IMS; ICAF)
  - Improve ability to perform sectoral and functional roles with USG and international partners in complex R&S environments
  - Improve IA capacity for developing integrated whole of government plans for reconstruction and stabilization operations
  - Inform and test new and existing doctrine and processes
  - Build CRC personnel leadership, facilitation and teambuilding capabilities
  - Ensure effective communication with host nation, international organizations, military actors, and civilian IA partners
  - Build relationships with potential working partners (i.e. IOs, Civ-Mil and Civ-Civ relations, NGOs)

Coordinator for Reconstruction & Stabilization

FY10/11 Exercise and Experiment Requirements

Individual	•Interpersonal and leadership skills training •Situation analysis training •Integrated planning training •Whole-of-Government operations
Group/Team	•CRC teambuilding •Field training with embassies, the military, international organizations and host nation actors •IMS doctrine training (esp. situation analysis and planning) •Tactical training to practice learned skills (i.e. medical training)
Systemic	•Enabling civilian participation and influence within largely military environments •Testing “home agency” reach back and “whole of department planning” in support of “whole of government” planning •Civ-Civ integration •Civ-IO integration •Testing admin, technical, and other deployment processes
Doctrine	•Experimentation to inform doctrinal processes (Whole-of-Government DMP; Planning Framework execution) •Experimentation to test Washington and country-level processes

Coordinator for Reconstruction & Stabilization

FY10/11 Exercise and Experiment Priorities

- **Exercise and Experiment Priorities**
  - Test and train the IMS, building to a full IMS exercise
  - Seek and build civilian-led, R&S –focused exercise opportunities
  - Build new relationships with COCOMs, focusing on regions where we are likely to deploy (e.g. AFRICOM)
  - Train with international and multinational partners (e.g. NATO; EU; UN)
  - Exercise full interagency roles (e.g. reachback) and whole of department planning
  - Develop the civilian capacity to lead R&S exercises
